ABOUT ME

I'm an experienced SvelteKit Frontend Developer having 3+ years of experience in Svelte / SvelteKit with SSR, Tailwind CSS, Typescript & Javascript ES6, Django/Django REST Framework, and WordPress & Elementor. Moreover, I have specialized 1+ year of experience in Vulnerability Assessment & Management, Penetration Testing, Reconnaissance, Open-source Intelligence, System & Application Auditing, and Red Teaming Operations. Apart from that, I'm seeking a suitable cybersecurity master's degree abroad where I could reinforce my knowledge and skills to contribute in the research & development of Cyber Security.

HOBBIES AND INTERESTS

Working on Pentesting Training Platforms

I really like to work with Penetration Testing training platforms and learn with real-world scenarios. I have already joined platforms like Hack The Box and Try Hack Me.

Gaming

I also like to play Sniper Shooter games. Something like Sniper Ghost Warrior and Sniper Elite series

Playing Badminton

I'm also a badminton player and I took part in several tournaments on the community level in my local area.

Designing Websites and Web Automation

During my studies, I have done several Web Design and Automation projects.
