ABOUT ME

I'm working as a Security Analyst at Bytesuit LLC. I have 2+ years of freelancing experience in Python/Django & WordPress Development. Moreover, I also have specialized 1 year of apprenticeship experience in Vulnerability Assessment, Penetration Testing, and Red Teaming Operations. Currently, I'm seeking a suitable master's degree in Information Security where I could reinforce my knowledge and skills to contribute in the research development of information security.

HOBBIES AND INTERESTS

Designing Websites and Web Automation

During my studies, I have done dozens of Web Design and Automation projects. I really enjoy working on it.

Join Pentesting Training Platforms

I really like to join Penetration Testing training platforms and learn with real-world scenarios. I have already joined platforms like Hack The Box and Try Hack Me.

Gaming

I also like playing First Person Shooter games.

Playing Badminton

I'm also a badminton player and I took part in several tournaments on the community level in my local area.
